Stellar Phoenix CD/DVD Data Recovery Crack is a software tool to recover lost data. A: Of course the most reliable way would be to use the Windows recovery options, but since you say that Windows is not an option, let's see what we can do. You have no option with Windows, so a third party software will be the answer. The CD/DVD recovery software is Stellar Phoenix Sun CD/DVD Data Recovery Crack 2.2.1. This Windows application will help you to recover your data using the following options: Search for lost files on your CD or DVD media Recover lost files from the Hard Disk Copy data from a damaged CD/DVD or Hard Drive Recover data from damaged floppies Recover data from ISO files List all lost files on your CD/DVD One more option: The application is able to support the following scenarios: Support for Compact Flash (Flash Cards, CF), USB Flash Drives, Memory Sticks, Micro SD, 2 1/4" & 3 1/4" Floppy Discs Or Language: English What we can say now? Start Stellar Phoenix CD/DVD Data Recovery Crack and explore its features. The software will do a scan on your media and find out which file is missing. After that, you have a few options to recover your data. And the only good news is that this software works for Windows. A: I would like to add that this is a free stand alone app and not a disk recovery tool. The only requirement is you need a compatible windows operating system that supports Windows Live Photo Gallery or Windows Live Movie Maker. So it does not require a CD or DVD drive. If you do not have this available then you
